LEWIS' STAND CHALLENGED BY LABOR BOARD

Statement Issued As New Crisis Looms In Mine Wage Dispute.

WASHINGTON, May 17 — The labor board today issued its decision in an all-out, head-on attack on the U. M. W. President John L. Lewis.

The board's decision, which is a repudiation of Lewis' stand, is a blow to the mine leader's position. It is the first time the board has ever issued such a decision.

Jap Radio in Tokyo Reports Steady Stream of U. S. Reinforcements Arrive.

By The Associated Press
NEW YORK, May 17 — The Tokyo radio today reported that a steady stream of U. S. reinforcements were landing on Attu island.

The Japanese spokesman, Maj. Gen. Nakao Yahagi, chief of the army press section, was quoted in the Tokyo broadcast as saying the Americans had launched a three-pronged attack against the strategic island at the western end of the Aleutians.

The main attacking force, he said, effected a landing on the southern coast on the morning of May 12, and succeeded in moving inland and attacking Japanese positions.

Federal Authorities Cut Marion's Housing Quota

347 Priorities Cancelled As Need for New Construction Drops; May Withdraw All or Part of Trailer Camp.

Federal authorities virtually put a lid on house construction in Marion with an announcement today from the National Housing Agency office in Cleveland that all housing quotas for this city have been sharply reduced.

A series of sharp curtailments outlined in today's announcement include:

Cancellation of 347 of the 500 priorities originally available for privately-financed new construction. This means that the 153 priorities already issued for houses that are now completed, under construction or about to be started, will be the last until after the war, barring unforeseen developments.

Virtual cancellation of the public conversion program through which federal funds would be supplied to convert existing structures into multiple living units. Whereas 370 such units were originally planned for Marion, "few if any" units will be produced, today's announcement said. However, the quota for this program was left at 20 units to take care of any projects now in process.

Possible withdrawal of all or part of the 300 trailers at the Lincoln Trailer Park on West Fairground street. Regarding the trailers, William K. Divers, regional representative, said they were authorized for Marion "at the time when it appeared that a considerable amount of additional housing would be needed. The need for these trailers is now uncertain, and it is planned to remove all or a part of the trailers as soon as the need for them can be accurately determined. In any event, the trailers will be removed when 'duration' accommodations have been found for all war workers."

Confirmation of earlier tentative plans to cancel a publicly-financed project to build 500 or more new houses on East Fairground street. This project was announced as tentatively shelved earlier this year, but today's announcement referred to "previous action canceling the publicly-financed housing planned for Marion when it appeared that a large volume of in-migrant workers would be required."

Recommendation by Grover Snyder, manager of the Marion War Housing Center, that his job be abolished, but that is exactly what happened in Marion. Snyder, manager of the War Housing Center, recommended that his job be abolished, but that is exactly what happened in Marion.

RAF BLASTS ITALIAN BASE FROM AFRICA

Wellington Bombers Pound Seaplane Dock 15 Miles from Rome.

By The Associated Press
ALLIED HEADQUARTERS IN NORTH AFRICA, May 17 — Allied bombers roared over Rome in bright moonlight last night and blasted the Lido Di Roma seaplane base at the mouth of the Tiber 15 miles southwest of the Italian capital. It was announced today.

RAF Wellingtons which carried out the attack bombed and machine-gunned the Lido Di Roma hangars, moorings and planes at will, with no interference from enemy fighters and almost no anti-aircraft opposition.

"Bursts were seen among parked aircraft," the communique said. Two hangars were set afire. No bombs were dropped upon the Eternal City, but the raid marked the closest announced approach of the allied aerial offensive to its outskirts.

(Prime Minister Churchill announced Sept. 30, 1940, that he would not hesitate to bomb Rome "if the course of the war should render such an action convenient and helpful" and this attitude has been reiterated elsewhere in high allied quarters.)

Allies Lose Three Planes
All aerial operations cost three allied planes.

The tabulation of prisoners captured in the final battle of Tunisia disclosed 27 generals among the captives, estimated to total about 175,000.

It was announced that 100 Germans were captured by British naval units with the occupation last week of Zembra island, in the Gulf of Tunis 10 miles west of Cap Bon.

A short distance off the island, a German submarine was captured. The submarine was a Type IX, and was carrying a large cargo of supplies.

(The Italian high command said in a communique broadcast by the Rome radio that bombs were dropped "over the Gela area" and there was some damage and some casualties. The raiders were declared to have flown over Rome.)

Two axis planes were reported shot down by coastal patrols. Confirming a report made yesterday by the Italian high command.

VON ARNIM AND OTHER GENERALS IN ALLIED HANDS
Captured German generals, including the commander-in-chief of the axis armies in North Africa, Col. Gen. Jurgens von Arnim, are pictured in these radiophotos from North Africa as they were taken to allied headquarters. Von Arnim, successor to Field Marshal Erwin Rommel, is shown (top photo), as he stepped from an automobile at British First Army headquarters after a 100-mile trip from the spot on the Cape Bon peninsula where he was captured. Other German generals are shown (lower photo), as they walked to the American transport plane after their capture in the Bizerte area. Left to right are Maj. Gen. Gustav Von Vaerst, commander of the Fifth panzer division; Lieut. Gen. Boulouis, commander of the Manstein division; and Maj. Gen. Kurt Hossenge, commander of the Bizerte air force. These are U. S. 'Buy a Bomber' Fund Boosted

Sent Past Half-Way Mark by Sales Amounting to \$21,506 Saturday.

Marion county's 'buy a bomber' campaign received a boost today when sales of the fund reached \$21,506.75, pushed the total up to \$172,406.75. Chairman Carl E. Danner reported this morning.

This sent the May campaign to raise \$325,000 past the halfway mark. The sales to date represent more than 33 per cent of the goal. However, the month is more than half gone, and drive leaders today pointed out the need for marion county residents to buy all of the extra bonds possible to assure success.

A special plea for "five more days, like Saturday" was issued today by Elmer J. Schoenlaub, Marion county war bond committee chairman. "It's going to take five more days, like that, to put this drive in the clear, and there's only one way to do the job—buy and sell all the extra bonds you can," he urged. He pointed out that the "last half" of a drive is always harder than the first, and called on every Marion county resident to feel a share of the responsibility of putting the bomber drive over the top.

Today marked the official beginning of the "War Mothers Week" in the drive. The women's need for marion county residents to buy all of the extra bonds possible to assure success.

NAZIS ADMIT FLOODS TAKE TOLL OF LIVES

Berlin, Rome, Ruhr and Rhineland Areas Hit; Nazis Planes Over London.

By The Associated Press
LONDON, May 17 — British bombers attacked Berlin, the environs of Rome, the Ruhr and the Rhineland last night and burst two of the largest dams in Germany, flooding the valleys of the Ruhr and Eder in huge waves.

Sir Archibald Sinclair, air minister, said walls of the Mohne and Eder dams were broken. One backed up 134,000,000 tons of water and the other 202,000,000 tons, he said. Their destruction constituted a powerful blow to industrial Germany, he added.

The Germans themselves reported officially on the Berlin radio that the "floods took a heavy toll of casualties."

Sinclair's disclosure was made in a speech celebrating Norwegian independence day at Albert hall.

Difficult Operation
"The operation was one of extraordinary difficulty and hazard," the air minister declared, "eight big Lancasters were lost with their precious crews but Wing Commander Gibson who commanded the aircraft engaged in the operation, pressed home the attack against strong defenses and regardless of danger."

Sir Archibald called the RAF attack on Germany last night "a tremendous blow for victory for the allies."

He electrified the crowd by saying: "I have got news—great news—for you today. The bomber command has leveled in our army—struck last night heavy blows at a new kind of the sources of German war power."

Both dams produced hydroelectric power for Ruhr valley industries. The German yearbook lists only 30 dams, so the RAF's night work probably was a great blow to German industries. It was stated: "Repairing dams is a lengthy task."

Both dams were considered even more important for their water supply and flood control than for power.

The Mohne dam was near the town of Soest; it was the largest source of water for Ruhr industries and towns. The Eder dam, near Hemfurth, formed the largest reservoir in Germany.

The bomber command did not say the dams were hit, with bombs and there was the unique possibility that torpedoes were aimed into the dam faces. Mines might have been dropped in the water for the current to carry them against the targets.

A British communique said the huge dams, controlling two-thirds of the water storage capacity of the Ruhr basin, were blown up with air-borne mines.

RAF reconnaissance planes later found that the Mohne dam had been breached over a length of 100 yards and the power station below had been swept away in the resulting floods.

The Eder dam also was torn open and photographs showed the river below the dam in full flood. The minister praised the bomber command staff and those who piloted the bombers, and said that the RAF's night work was a great blow to German industries.

ALL RUBBER PLANTS TO BE READY SOON

Jeffers Reports Program Well Under Way.

By The Associated Press
WASHINGTON, May 17.—Every plant in the synthetic rubber program will be completed by the end of this year, Rubber Director William A. Jeffers reported today, but "the non-essential driver cannot expect new tires for a long time."

Jeffers, in his third progress report, said essential drivers would get 12,000,000 new tires this year—5,000,000 synthetics and 7,000,000 pre-Pearl Harbor tires—and 30,000,000 new tires in 1944.

Jeffers report followed a warning by Petroleum Administrator James H. Brown that "drastic steps" would be taken unless east coast motorists cut down on their use of gasoline.

Brown, who did not define drastic steps that might be taken, stressed meanwhile that there was no extra gasoline for vacation travel for war workers or anyone else.

SENATE COMMITTEE HEARS HULL TODAY

Secretary To Urge Reenactment of Trade Pacts.

By The Associated Press
WASHINGTON, May 17.—On the senate side of the capitol today, the senate finance committee was scheduled to hear Secretary Hull urge continuation of the administration's reciprocal trade program. Indications are that the proposal will meet strong opposition.

Senator Maloney (D-Conn.) announced he would offer an amendment requiring senate ratification of all future trade pacts, while Senators Taft (R-Ohio) and Danaher (R-Conn.) plan to propose automatic expiration of the treaties six months after the war ends. The house voted last week to extend for two years the administration's authority to negotiate the pacts.

In the house, action on a relatively minor efficiency appropriations bill brought a clash between some congressmen and heads of the interior department and the federal communications commission. The appropriations committee has before the house an amendment to prevent the use of any funds in the measure for payment of the salaries of expenses of William E. Dodd Jr. and Dr. Goodwin B. Watson, FCC employees, and Robert M. Lovett, interior department official serving as government secretary of the Virgin Islands. An appropriations subcommittee recommended dismissal of the trio as "unfit." The FCC refused to dismiss Watson and Dodd and Secretary Lovett on the payroll.

Ickes has said he would keep Lovett on the payroll.

500,000 WOMEN IN DISTRICT WAR PLANTS

More Expected To Take Jobs in Industry.

By The Associated Press
CLEVELAND, May 17.—Director Robert C. Goodwin of the regional war manpower commission said today approximately 500,000 women were employed in vital industries in Ohio, Michigan and Kentucky and predicted more housewives would take factory jobs soon.

"The number of women war workers is steadily increasing and the next few months will see more and more housewives taking jobs in industry and more transfers from less essential to essential work," Goodwin declared.

Lists from 2,400 employers in the three states indicated women represented 22.9 per cent of total personnel last March compared with 17.9 per cent last November. A breakdown of employment rolls showed more than 295,000 women in essential industries in Ohio, 21,000 in Michigan and 43,000 in Kentucky.

Urging greater use of employee reserves, Goodwin declared that "if this region is to meet war production schedules, we must fully utilize all available labor — women, minority groups, older workers and the handicapped. There is a place for everyone to help in the war program."

Lieutenant William F. Hancock, who is stationed at Camp Campbell, Ky., spent a five-day furlough with his mother, Mrs. Gertrude Hancock.

MARYSVILLE HOLDUP VICTIMS RECOVERING

Both Suffer Head Gash;
Grand Jury Acts Tuesday.

Special to The Star
MARYSVILLE, May 17.—An extra session of the Union county grand jury is to be called Tuesday to consider the case of George H. Hogan of Detroit, accused of armed robbery here Saturday noon when two Marysville business men were held up in the office of the Marysville Credit Bureau.

Hogan was arrested about one-half hour after the robbery. Walter Otto, 67, co-publisher of the Marysville Tribune, and William H. Snodgrass, 65, secretary of the Marysville Business Men's association, are recovering from injuries suffered when they grappled with the bandit. Both suffered scalp cuts when the bandit struck them with the butt of his revolver.

The car driven by Hogan, a 1941 Plymouth coach, was stolen in Middletown. Sheriff Homer S. Roca, reported. It also is thought that Hogan was implicated in a robbery at Middletown Tuesday night.

Hogan signed a confession to the local crime, according to Prosecutor William L. Coleman. He entered a plea of innocent however when arraigned before Justice William H. Faulkner of Marysville. Only two dollars were taken in the holdup attempt here but Hogan had \$240 on his person when arrested.

Picnic at Crawler Home Ends Season for Nature Club

Mike J. E. CRAWMER of Kennington Place opened her home to members of the Burroughs Nature club for their last meeting of the season, Saturday evening. The meeting was in the form of a picnic and following a picnic supper there was a program. Assisting Mrs. Crawler were members of the social committee, Miss Zelma Terry, chairman, Mrs. J. E. Smith, Miss Sophie Mack and Miss Helen Connolly. For the supper the members and guests were seated at small tables arranged throughout the room. Guests included Mrs. E. J. E. Smith, Miss Sophie Mack, a former member of the club and Mr. and Mrs. W. N. Wilkes.

Miss Lela Brookshire was in charge of the meeting and reports of committees and chairman were given. Mrs. Crawler presided for the program hour which included a poem, "Song on May Morning," by Mrs. E. H. Conley and a paper on the collection of spider webs and their use in the present war, was given by Miss Marie Ruehrmann. Completing the program hour were recordings of bird songs presented by Miss Caroline Dewar. Meetings will be resumed in September.

ESCAPED PRISONER CAUGHT
NEW YORK, May 17—Detective William Boyle said Eli Levenson, 30, returned here from Georgia to face a grand larceny charge, escaped from Mansfield, O., reformatory in October, 1935, while serving a 10 to 25-year sentence for a jewelry theft. Levenson, who operated a novelty shop in Savannah, was indicted here in connection with the hijacking of a \$15,000 truckload of leather goods. He gave his former address as Cleveland.

Holland's Coast Presents Difficult Problems of Defense to Germans

By MAX HILL.
Associated Press Writer
NEW YORK, May 15—Holland's long and low and sandy coastline presents tremendous difficulties to the Germans who are trying to fortify it against the possibility of invasion by the United Nations.

And the same natural factors which are thwarting the Germans and the thousands of Dutch they have forced into virtual slave labor work also against any invading force. In the opinion of a young Dutch lieutenant who was active before the war in building what coast defenses the Dutch had.

His identity can not be disclosed because his father and brother still are in Holland and prisoners of the Nazis.

HOME NEAR ASHLEY PARTLY DESTROYED
Fire Consumes All but Two Rooms of Farm Dwelling.

Special to The Star
ASHLEY, May 17—A fire destroyed all but two rooms of an eight-room house two miles northeast of here on the Prospect-McVernon road in Morrow county Saturday night.

The home, occupied by Mr. and Mrs. Donald Beas and eight children, was located on a farm owned by Dr. H. W. Davidson of Ashley. The blaze was discovered about 10:30 p. m. by Mr. Beas and a defective chimney was blamed for the fire, which caused loss estimated at \$1,000 on the property and partial loss of furniture was covered by insurance.

The Ashley fire department was called and under the direction of Chief A. F. Myers succeeded in saving the two rooms in which the family will arrange to live. They have been living at the home of a neighbor, J. R. Williams since Saturday night.

L. A. Axe and William Simmons represented Marion Council No. 671 as delegates at the meeting.

LIMA CONGRESSMAN, STETTINIUS IN ROW

Jones Declares He's Denied Lend-Lease Information.

By The Associated Press
WASHINGTON, May 17—Rep. Robert E. Stettinius Jr. made public today letters disclosing a sharp controversy between himself and E. R. Stettinius Jr., lend-lease administrator, over whether a member of congress ought to be given certain information on lend-lease operations.

The issue developed when the Lima, O., congress submitted to Stettinius 68 questions involving many phases of the agency's work. "To answer the 68 questions which you put in your 11-page letter of May 4," Jones quoted a letter from the administrator, "would in my opinion have required an unnecessary use of manpower and, in some cases, might have given information that would aid the enemy."

Referring to a suggestion by Stettinius that much of the information requested had been discussed at congressional hearings, Jones wrote: "You must know and do know that the information contained in the hearings and reports to congress by and large is general, of no value to the members of congress to learn how lend-lease operates or whether the actual facts substantiate your general claims and publicity."

"I regret sincerely that you have presumed to deny a member of congress information," Jones added. "A refusal can only be interpreted as autocratic and arbitrary."

Jones maintained his request for monthly statements "would involve no manpower except the mailing room and the same messenger that brought up your denial of my request." "Since you refused," he said, "I must assume that you were not sincere when you stated you wanted me to take questions I had up with you," Jones' letter asserted.

"I accepted your invitation in good faith relying on you as a gentleman, that you wanted me to do as you suggested," he added. "I regret extremely that you have seen fit to change your course and that you are intent upon keeping a congressman from learning detailed facts about lend-lease administration first-hand."

Jones, a member of the house appropriations committee, said he was sure the administration could supply the information without difficulty or expense, and wrote Stettinius: "I intend to take such steps as are necessary to secure the answers to these questions I have asked and the documents I have requested."

membrance a bouquet of our flowers, several rose bushes and pot plants a check and a checkbook from her son, Pfc. Ray Osborne, who is stationed in India.

The president in the expressed vigorous opposition to the celebration of a tax. He was before the modified Ruml plan would cut the winning as well as the year's tax.

After a four months' house Democrats defeated a year plan, 215 to 206 to 202, and finally bill by Representatives (D-Va) and Foran (D-Pa) approximately 75 percent of the \$10,000,000 assessments, through which a first bracket surtax on some of all taxpayers.

The senate last week the house measure and modified Ruml plan was for each taxpayer the next two years, 1942 or 1943, he had the smaller income.

RUMI PLAN BACKERS SEE HOUSE VICTORY

Hope To Send Tax Law To President This Week.

By The Associated Press
WASHINGTON, May 17—Twice defeated in their battle for a modified Ruml plan, house Republicans expressed confidence today they could muster sufficient votes on their third try to send the ship-a-year income tax bill to President Roosevelt this week.

The test comes tomorrow in a vote on whether to accept the measure as already approved by the senate.

Meanwhile, some legislators speculated Mr. Roosevelt might not veto the bill if passed, as proposed.

ITALIANS IN GRAVE POSITION

Duce Rushes Defense And Reports Hitler's Troops Are About To Desert Him.

By The Associated Press
BERN, May 17.—The Duce today rushed to the defense of Italy's position in the Mediterranean, claiming that Hitler's troops were about to desert him.

London Skeptic
(The rumor was received skeptically in London, where it was pointed out that King Emanuele's prestige was higher than at any time since the fascist march on Rome in 1922. It was recalled that the Rome radio's accounts of the final fighting in Tunisia had closed with "Long Live the King—Long Live Italy," conspicuously omitting Mussolini's name.)

Other unconfirmed reports included an assertion by the Duce that the Italian cabinet has resigned, and a Moscow broadcast that more than 300,000 people had fled from southern Italy to Rome within the past two weeks in hopes that Rome would not be bombed.)

The Swiss newspaper, Die Nation, commenting on Italy's defense preparations, said Italy did not expect further help from Germany in case of an invasion, since Germany's own preparations to beat off an invasion attempt are demanding her full attention, and because Swiss neutrality would bar the use of a railway through Switzerland for military preparations.

Predict Nazi Withdrawal
(Two London dailies went further—declaring Hitler was preparing to withdraw his troops through Brenner pass and leave Italy to the mercy of the Allies. The German Coastguard and army officers have returned already, and there are unmistakable signs the army will follow shortly, the newspaper said.)

Italy's fleet still is potent, with six or eight battleships, heavy and light cruisers and 60 destroyers. But it would be highly vulnerable to air attack by superior allied forces based on North Africa or on Sicily and Sardinia should those island outposts be overrun.

The most serious threat to Italian land forces, Die Nation said, consist of air attacks on the transportation network in Upper and central Italy.

Von Arnim and Messe Arrive in London
By The Associated Press
LONDON, May 17.—Col. Gen. Jürgen Von Arnim clumped into London yesterday, a prisoner of war, as Britain's church bells rang in celebration of the allied victory in Tunisia and home guards paraded 5,000 strong before King George VI to mark their third anniversary.

Marshal Giovanni Messe, Italian commander-in-chief in North Africa, arrived by air with other high ranking Fascist prisoners today.

The German officer who commanded the routed axis forces in Tunisia was flown from Tunisia to Gibraltar and then to Britain. British officers escorted him to his internment lodgings.

Lieut. Gen. Jacob L. Devers, commander of U. S. forces in the European theater of operations, was presented to King George during the ceremonies.

ORDNANCE SERGEANT William Petersburg at Aberdeen, Md., writes regular personal letters to five commissioned officers. Army regulations or not, he's got a right. And he can say what he pleases in every letter, for he signs himself "Dad."

COL. ELLIOTT ROOSEVELT HAS NARROW ESCAPE

President's Son James in Hospital With Malaria.

By The Associated Press
ALLIED HEADQUARTERS IN NORTH AFRICA, May 17.—Col. Elliott Roosevelt, son of the President, narrowly escaped serious injury yesterday when his plane collided with a transport plane on an airfield near Algiers.

Roosevelt had to land the plane which he and the pilot were shaken up badly but neither was injured enough to require hospitalization.

The transport was the one in which George Tucker, Associated Press correspondent, and George Palmer of the United Press were injured.

SAN DIEGO, Calif., May 17.—James Roosevelt, eldest son of the President, and Lieutenant Colonel the Marine Corps, will enter the San Diego Naval hospital this week for malaria treatment, a reliable source said today.

The source who asked that his name be withheld, described Colonel Roosevelt's illness as a light case.

The President's son, 33, has been on active duty in the Marine Corps since November, 1940, and has spent much of that time in the Pacific war zone.

HOUSING

(Continued from Page 1)

regional office of the War Manpower Commission, and resulted from a decreased demand for workers by Marion war industries," the announcement stated.

In connection with the War Manpower Commission estimate of future industrial worker needs in the Marion area, officials of the Scioto Ordnance Plant today indicated that employment at that plant is approaching the stabilization point and that no large scale importation of workers in the future is contemplated.

In canceling 347 of the 500 priorities originally available for privately-financed new construction, the National Housing Agency virtually shut the door on any new house construction projects of any nature in Marion. The 133 priorities already issued include groups of houses authorized for the Universal Colder addition and the project for the Avonhill lot, now being started. Also, the 134 included house construction projects opened in various parts of the city by other builders including Leslie Adams of LaRue and the Bert Construction Co. of Mansfield. The effect of today's action is to permit any projects already begun to continue to completion, but not to grant priorities to any new ones.

Effect on Conversions
Cancellation of the publicly financed conversion of existing structures into multiple living units is not expected to work any particular hardships in Marion because only half a dozen such conversions had been planned. These included a residence on East Church street to be converted into two apartments, a Bellevue avenue residence to be made into two apartments, and a Cheney avenue home to be made into two apartments. Today's announcement leaves the way open for these and any other projects now under way to be completed but shuts the door on new proposals.

Whether private individuals may continue to get priorities assistance in converting existing houses into multiple units to house war workers is a question that today's announcement does not answer. Up to this time, priorities have been available for such work.

The effect of today's announcement on the trailer camp outlook is uncertain. Officials here said there has been considerable interest among industries in final preparations for opening of the park, and that arrangements are being set up for new war workers to register for renting trailers. This project, estimated to cost \$300,000, is expected to be ready for a formal opening soon.

NAZI FLOODS

Bochum, Berlin and Czechoslovakia, and by continued strafing of targets in France and the lowlands.

In retaliation, the Germans struck back during the night with their heaviest attack on London since last February but their assaults—which caused three alerts in 4½ hours—did not come up to the "Coventry" type with which they belabored Britain in 1940 and 1941.

Suburban London hit
Suburban London districts suffered most heavily from the attack. The German planes, believed to have been fighter-bombers, came over singly and in pairs.

Four of the high-flying bomber-bombers which made three swift raids at the capital were downed by the tight British defenses, but it was reliably estimated that not more than 20 enemy planes crossed the coast. The engagement represented a 20 per cent loss for the attacking force.

Allied fighter planes swept axis shipping along the French coast yesterday. In raids Saturday night railway lines were the principal targets in western Germany, France, Holland and Belgium.

The American bombing of Emden Saturday saw the largest German-bound U. S. air force in this war go out on the mission. A loss of six American bombers was announced.

RUSSIANS USE AIR POWER EFFECTIVELY AGAINST NAZIS

MOSCOW, May 17.—The Red army employed planes and artillery to good effect in further harassing German preparations for any new offensive, as another week of the war opened today with still no definite sign of the expected great summer campaign.

During the past week the Soviet air force spread fires and explosions in raids behind the German lines along almost the entire length of the long Russian front.

The midnight communiqué said Red armies had destroyed 1,300 German planes in combat and air raiders during the last two weeks while losing 339, better than a three-to-one Soviet advantage.

Soviet dispatches told of artillery attacks all the way from the Kuban to the Baltic sea in which German pillboxes were destroyed.

Public Notices

By JAMES E. POLLARD

Ohio State University.

TO BE PUT ON NOTICE

What does it mean to be "put on notice"? The expression is used in law to describe the process by which a person (or persons) is notified of some proposed action in which he is interested or by which he will be affected. The action is usually specific, but the notice may be addressed to a group of individuals, to an entire community, or even to persons unknown.

Such a notice usually appears as a Public Notice in a local newspaper of general circulation. This is because this is the most effective and most economical means of publishing the notice. The requirements for such notices are generally fixed in detail by law.

What the Public Notice laws seek to accomplish is to protect individual and community rights by notifying all concerned of whatever is contemplated. To be completely effective, the notice must be given in ample time and due notice must then be taken by those who are affected.

FIRST LIQUOR RATION CARDS GO OUT TODAY

Books Distributed in Alphabetical Order.

By The Associated Press
COLUMBUS, O., May 17.—Ohio started issuing ration cards to liquor purchasers today.

The cards, which Ohioans must have to buy bottled spirits in retail liquor stores after June 1, are being distributed in alphabetical order at the State's 203 retail stores and 31 retail agencies.

Persons whose names begin with the letters "A" and "B" and who signed up during the recent registration period receive their cards today.

Don A. Fisher, director of the state liquor monopoly said registrants would have to produce their war ration book No. 2 to obtain cards. No other medium of identification will be accepted, he added.

A hole will be punched in covers of the federal book to prevent its reuse in the liquor rationing program, Fisher said.

The task of issuing cards to some 1,300,000 Ohioans, who registered for the rationing, will be completed by the end of the month, the director said. Retail sales have been suspended until formal rationing starts June 1.

The all-city elementary music festival of pupils of the elementary public schools will be presented Wednesday night at 8 o'clock in the Central Junior High school auditorium under the direction of Miss Jane Scott, supervisor of elementary school music.

The theme of the festival is "Music for Humanity" and taking part in the program will be 35 choruses with approximately 35 students in each. The 11 elementary schools of the city will be represented in each.

The program will be presented in three parts with the combined choruses bringing it to a close.

TRANSPORT OF GRAIN AGAIN IS PROBLEM

Rails Search for Cars To Haul New Crop.

By The Associated Press CHICAGO, May 17.—With grain transportation utilizing about 10,000 more cars weekly this year than in 1942, and with the start of the winter wheat harvest in Texas only a few weeks away, railroads and grain circles are striving to ease the car shortage through cooperative efforts.

In recent years, heavy wheat crops have presented an acute storage problem, with abandoned houses, stores and filling stations being used to store the grain. Some wheat has rotted on farms. This year, the problem is certain to be one of transportation.

The box car situation was summarized in the following statistics: On March 1 the railroads had a total of 631,949 box cars. Of these, 12,638 were in bad order.

That left only 398,129 class A box cars, the type needed to haul grain and mill products, in the entire United States.

This situation isn't going to improve. According to the Association of American Railroads, during the first three months of this year only 24 new box cars were built. And on April 1, the roads had on order exactly three new box cars.

Marion Firemen Answer 3 Calls

Three calls were answered over the week-end by Marion firemen. Damage was estimated at \$155.

Furniture, pillows and bed-clothing were destroyed by a fire which started in a dresser drawer from an unknown cause at the home of J. E. Sellers of 228 North State street at 7:12 p. m. yesterday. Damage was estimated at \$100.

The Mark street company and the squad car from Central station answered the alarm.

A fire which started under the floor at the home of W. M. Gregory of 344 Quarry street resulted in a loss of \$50 at 12:04 p. m. yesterday. Cause of the blaze was undetermined as there is no basement under the house. The Center street and Mark street companies and the squad car from Central station answered the alarm.

Richwood Women in Kenton Hospital

KENTON, May 17.—Mrs. John Wright, 43, of Richwood suffered severe cuts and bruises Saturday and her daughter, Miss Maxine Cox, also of Richwood, received head injuries when the car in which they were riding left a steep bank near Summersville and struck a tree. They are in Kenton hospital.

Mr. Wright, driver of the car, and Delmer Cox, a son of the injured woman who was enroute to Columbus to take his physical examination for admittance to the nation's armed forces, were uninjured.

Recreation Supplies Bought PATRIOTIC PROGRAM PRESENTED AT GALION

Purchase of Equipment Authorized by City Commission: Three Directors Hired.

Approval of purchase of playground equipment costing \$353 and hiring of three Marion women school teachers as recreation directors were highlights of action taken by the city recreation commission in a meeting Friday night at the public school administration building on South Prospect street.

The commission, acting on a recommendation of Recreation Supervisor Victor Dorris, employed Misses Pauline Stannard, Florence Coover and Eloise Kauffman as recreation supervisors for girls at one of four playgrounds to be used by the commission this summer. All three are on the faculty of Harding High school.

After hearing the qualifications of each as recreation workers, Frank Robinson, treasurer of the commission, moved, Herbert Wade, seconded, and the commission unanimously voted that the women be employed.

Five positions remain to be filled to complete the staff outlined by the commission in an earlier meeting. Four men and one additional woman will be hired as directors. Robert T. Mason, chairman of the commission, said Supervisor Dorris would make a final report on personnel to the commission at its next meeting.

Funds for operation of the supervised recreation program were made available to the commission by the Community Fund. The fund's original budget set aside \$5,000 for use in recreation projects. An additional \$1,200 is available to the commission from the Marion Amateur day association.

The commission's initial equipment order included purchase of eight footballs, 10 basketballs, 10 whistles, 10 soccer balls, 10 volleyball, 65 softball, 24 softball bats, eight volleyball nets, eight sets of softball bases, eight catcher's masks, six paddle tennis sets and four hand pumps.

Rehring, in which he quizzed the children at random and from their answers discussed and asked questions. Bishop Rehring joined the pastor, Rev. Father Spickerman, in expressing his pleasure at the way the children responded.

Music for the afternoon was by St. Mary's school choir with Miss Rosaline Manzo as organist. The altar was decorated with white stocks and at the altars on either side were red roses and stocks.

Sunday morning at 7:30 o'clock a class of 40 children from St. Mary's school received their first communion. Rev. Father Spickerman was celebrant of the low mass and gave the sermon. On next Sunday the first communicants will be enrolled in the scapular of Our Lady of Mt. Carmel.

BIG WHEAT ACREAGE ASKED NEXT FALL

Davis Sees Need of Large Quantities in Europe.

WASHINGTON, May 15.—Anticipating that the United States will be called on to ship large quantities of wheat to Europe in 1944, War Food Administrator Chester C. Davis plans to ask farmers for a sharp increase in winter acreage sown next fall.

No specific goal has been set, but agricultural department grain experts said they expected Davis to ask for an increase of at least 25 per cent above this year's low level of 52,000,000 acres.

Meanwhile, the food administrator advised associates that he believed the government should proceed cautiously in making additional wheat available for livestock feed in view of the possibility of an early Allied invasion of Europe and consequent demand for American food for people freed from the Axis.

Upwards of 225,000,000 bushels of government-owned wheat will have been sold to farmers for livestock feed by July 1, officials say.

Contributing to plans for wheat expansion is the prospect that this year's winter crop may be the smallest since 1935, due in part to unfavorable growing weather.

To encourage additional acreages, the food administrator is expected to announce soon a loan program designed to assure growers an average price of about \$1.22 a bushel at the farm on the 1943 crop. This would compare with \$1.14 on the 1942 crop.

TRAINMASTER DIES CAREY, May 17.—Joseph Corbin Wilson died Friday at his home. He died very suddenly of a heart attack. He was born in Jackson, Tenn., Aug. 22, 1897, the son of George and Violet Snyder Wilson. He was married to Lucy Florence Howe Jan. 28, 1920, and she survives. He was assistant trainmaster on the A. C. & Y. railroad in Carey and had moved to Carey from Akron one month ago. The body will be taken from the Bristol funeral home in Carey to the Johnson funeral home in Akron, where funeral services will be held today.

Bricker Names Sherwood To State Parole Board

COLUMBUS, O., May 17.—Gov. John W. Bricker announced today appointment of Charles L. Sherwood, director of the state welfare department, as a member of the state parole and parole commission for a six-year period beginning July 15. The position pays \$6,000 yearly. The position was created by the new constitution. Bricker said he had not decided upon a successor for the welfare post but hoped to select one before Sherwood takes up his new duties.

Sherwood, a native of Fremont, has been welfare director since Bricker began his first administration in 1939. He succeeds Judge Harrison W. Jewell of Delaware, whose term is expiring.

Victory House Sales Showing Increase

Bond and stamp sales from the Victory House on the courthouse lawn took another leap Saturday with sales amounting to \$1,837.30 in bonds and \$85.70 for stamps. This is an increase of about \$200 over the previous day.

19 Members Inducted by Galion Society Couple Exchange Vows at Church in Galion

GALION, May 17.—Induction of 19 members into the National Honor society took place at Senior High school at 3 p. m. Friday. The service admitted six juniors and 13 seniors to the society, and was presided over by the president of the local society, Marjory Mellett. She was presented by Gertrude Mann, chairman of the faculty advisory committee.

The single ring ceremony was read by the church pastor, Rev. W. N. Robertson.

The bride was given in marriage by her father, William H. Haas.

Mrs. Dorothy Casey, sister of the bridegroom, was matron of honor, and Mervin Aker, was maid of honor. Glenn Potter was best man.

A reception at the Beniller home after the wedding was held for 40 invited guests. Jean Ailes and Mrs. Victor Reed served.
